SKILLS

- ❖ C
- ❖ HTML, CSS, Javascript
- ❖ Python
- ❖ SQL

EDUCATION

- ❖ **B. TECH – IT** from **Sir Chhotu Ram Institute of Engineering, Meerut**   *CGPA: 8.5/10 | (2026)*

ACADEMIC PROJECTS

- ❖ **Design website "Online Result Management System"**
  Technologies Used: HTML, CSS, JavaScript
  Developed a web-based platform for managing and displaying student exam results. Used HTML to structure the user interface, including forms for student data input, result display tables, and navigation links. Styled the interface using CSS, ensuring a clean, professional look with responsive design for both desktop and mobile views. Integrated JavaScript to handle dynamic interactions such as calculating final results, validating user inputs, and displaying results in real time.

- ❖ **Design Amazon Clone** (Frontend Development)
  Technologies Used: HTML, CSS
  Developed a static replica of the Amazon homepage to practice front-end design skills and create a   responsive layout. Designed the header with a navigation bar, search bar, and product categories using HTML for structure and CSS for styling. Focused on clean, semantic HTML structure and used CSS Flexbox to achieve a clean and fluid layout.

TRAINING AND CERTIFICATE
